

HOW TO BE MORE ACTIVE

GET ACTIVE

1 SET GOALS

Adults should get a weekly total of at least

150
minutes
of Moderate
Aerobic Activity*

OR

75
minutes
of Vigorous
Aerobic Activity*

*or a combination of the two^{1,2}

Over at least **3 Days** per week in sessions
of at least **10 Minutes** each.

AND

 **MUSCLE** strengthening activity at least **2 Days**
per Week for additional health benefits

The American Heart Association recommends that adults who need to lower blood pressure and/or LDL cholesterol should get moderate to vigorous activity **3 to 4 Days per Week** in sessions averaging **40 Minutes** each.²

KIDS & TEENS
should get at least **60 Minutes**
of physical activity every day.

2 TRY THESE TIPS

SCHEDULE

Break your exercise into easy daily amounts! Try at least 30 minutes of activity 5 days a week, or 22 minutes every day.²

SET GOALS

Set realistic goals and make small, lasting changes to set yourself up for success.

KEEP GOING

Once you reach these goals, don't stop. Gradually increase your activity to gain even more health benefits.

WALK MORE

There are many ways to get active. You may find walking the easiest to stick with over time. Walking more is a simple, positive change you can make to improve your heart health.
